

Standard	Needs Strengthening	Developing	Secure	Exemplary
Performs operations with multi-digit whole numbers	Is beginning to: *Solve multiplication problems (2-digit) efficiently and accurately *Solve division problems with 1-digit and 2-digit divisors efficiently and accurately	Inconsistently or partially: *Solves multiplication problems (2-digit) efficiently and accurately *Solves division problems with 1-digit and 2-digit divisors efficiently and accurately	Independently and consistently: *Solves multiplication problems (2-digit) efficiently and accurately *Solves division problems with 1-digit and 2-digit divisors efficiently and accurately	Applies and extends: *Solving multiplication problems (2-digit) efficiently and accurately *Solving division problems with 1-digit and 2-digit divisors efficiently and accurately
Analyzes and calculates characteristics of 2D and 3D geometric shapes and figures and applies knowledge of measurement	Is beginning to: *Find volume of rectangular prisms accurately *Use and convert units of measure	Inconsistently or partially: *Finds volume of rectangular prisms accurately *Uses and converts units of measure	Independently and consistently: *Finds volume of rectangular prisms accurately *Uses and converts units of measure	Applies and extends: *Finding volume of non-rectangular prisms accurately *Using and converting units of measure
