

The “**Green Team**” is a club that focuses on exploring the world of plants and animals and creating a sustainable, “green” school environment. **One of our main activities is to plant, maintain, and harvest veggies from our Webster Garden.** However, throughout the year we have numerous activities that teach students about other “green” things. Some of our activities include:

- Fall and spring field trip relating to agri-science concepts (Ex: Riveredge, Wellspring, Outpost Natural Foods, Aquaponic businesses, etc)
- Cooking w/ garden produce
- Hydroponics - **Introduction of the Flex Farm unit to our school food program!**
- Holiday Wreath Construction
- Garden Bed Construction
- Winter Snowshoeing
- Working with young students in our summer “Garden Sprouts” class.
- Working with first graders at Parkview to plant their garden.
- “Green & Healthy” School initiative (Energy conservation, etc.)

Meetings are usually held on a Tuesday or Wednesday 2-4 times a month. (This may change and needs to be flexible.) Meetings are held after school from 3:00 - 4:00 in room 208 and in the Webster Garden. Official dates will be listed on the school calendar, morning announcements, and will be emailed to students.

Advisor: Mrs. Rogahn (7th & 8th grade science teacher)
jrogahn@cedarburg.k12.wi.us

September meetings:

Tuesday, Sept. 6th (3:00 p.m. - 4:00 p.m.)

Wednesday, Sept. 14th

Tuesday, Sept. 20

Wednesday, Sept. 28th

Green Team Membership Form (2022-23)

***Please give this to Mrs. Rogahn (room 208) to make sure you get on our emailing list! Or fill out the [virtual form](#). Scan the QR code to the right.*

(Please print neatly!!)

Student Name _____

Current grade in school: _____

Student **School** Email Address: _____
