

6th Grade Human Growth and Development Alternate Assignments

Human Growth and Development is scheduled for three science blocks:

- Thursday, Jan. 2 or Friday, Jan. 3
- Monday, Jan. 6 or Tuesday, Jan. 7
- Wednesday, Jan. 8 or Thursday, Jan. 9

You will be working independently in the IMC to complete your assignments. At the end of HGD, you should turn in all of your completed work to your science teacher. Work at your own pace. You do not have to do any of this for homework. Just work during your science blocks. If you do not finish it all, turn in what you do complete. If you finish all of it, you should see your science teacher for further instructions.

Assignment 1 Read “Forces in Earth’s Crust (Pages 102-109 in the Earth’s Structure textbook) and complete the [Forces in Earth’s Crust pack](#).

Assignment 2 Read “Earthquakes and Seismic Waves” (Pages 110-117 in the Earth’s Structure textbook) and complete the [Earthquakes and Seismic Waves pack](#).

Assignment 3 Read “Monitoring Earthquakes” (Pages 118-123 in the Earth’s Structure textbook) and complete the [Monitoring Earthquakes pack](#).

Assignment 4 Watch the Brain Pop movie on Earthquakes. It is found in the science section under Earth System. (Remember the username is csdwebster and the password is pop1.) After watching the movie, take the graded quiz and e-mail your score to your science teacher. Then complete both sides of the [Brain Pop Activity #1 worksheet](#).

Assignment 5 Watch the Brain Pop movie on Volcanoes. It is found in the science section under Earth System. While you are watching the movie, complete both sides of the [Brain Pop Activity #2 worksheet](#). You may have to pause the movie or watch it more than once to get all of the information.
